

Professional Summary

Analytical and detail-oriented Data Analyst and Python Developer with advanced training in Python, Data Science, and Machine Learning. Experienced in operational team coordination, project management, and delivering actionable insights to drive business process improvements. Skilled at translating complex data into strategic recommendations, with a proven ability to manage multifaceted projects under tight deadlines. Eager to leverage technical and business expertise in consulting and business management roles focused on data-driven decision-making and operational excellence.

Professional Experience

Technician – Machinery & Stage Production · Scafo SL

Valladolid, Spain · Feb 2023 - Aug 2025

- Coordinated personnel, equipment, and stage structures for theatre productions and live events, ensuring seamless execution under tight deadlines.
- Led operational teams during annual May street-theatre festivals for three consecutive years, managing logistics and services for large-scale public events.
- Oversaw event execution at Plaza Zorrilla and Plaza Mayor, adapting to varying requirements and environments.
- Planned and organized setup activities involving scenery, props, fabrics, and structural elements, optimizing processes for efficiency and safety.

Technician – Machinery & Stage Production ·

Global Producciones SL

Valladolid, Spain · Nov 2025 - May 2026

- Prepared and assembled scenery, props, fabrics, and structural elements for diverse theatrical productions.
- Coordinated personnel and installation tasks to ensure timely and high-quality event preparation.
- Adapted operational plans to meet the unique requirements of each production and venue.

F&B Waiter · Bourne Leisure — Alvaston Hall

Crewe, United Kingdom · Sep 2019 - Sep 2021

- Managed breakfast and dinner service in a UK resort hotel, preparing dining areas and serving up to 28 guests per shift in English.
- Coordinated table service and preparation tasks, maintaining high standards of customer service and attention to detail.

Projects

Python Desktop Application

<https://vaelico333.github.io/projects/machine-learning-desktop-application.html>

· Dec 2025 - Feb 2026

[Python](#) [Git & GitHub](#)

- Designed and implemented application architecture and core functionality using Python.
- Developed a user-facing desktop application to address a practical business problem.
- Structured the project for maintainability and scalability, following software engineering best practices.

Skills

Programming Languages

Python

Frameworks & Libraries

Pandas

NumPy

Matplotlib

Scikit-learn

Django

Flask

PyQt6

Tools & Technologies

Git & GitHub

Jupyter Notebook

Data Analysis

Exploratory Data Analysis (EDA)

Data Cleaning & Transformation

Statistical Analysis

Data Visualization

Machine Learning

Supervised & Unsupervised Learning

Regression & Classification

Clustering

Dimensionality Reduction

Feature Engineering

Model Evaluation & Validation

Software Development & Coding

Technical Documentation

Process Organization

Testing

Problem Solving

Desktop Application Development (Python)

Object-Oriented Programming (OOP)

- Documented the development process, technical decisions, and features in a comprehensive portfolio.

Data Analysis & Machine Learning Projects

<https://vaelico333.github.io/#data-analysis>

[Python](#) [Pandas](#) [NumPy](#) [Matplotlib](#) [Scikit-learn](#) [Jupyter Notebook](#)

- Performed data cleaning and preprocessing to ensure data quality.
- Conducted exploratory data analysis and data visualization to extract actionable insights.
- Applied statistical analysis, feature engineering, and machine learning techniques including regression, classification, clustering, and dimensionality reduction.
- Evaluated and validated models to optimize performance and reliability.

Education

Python & Machine Learning ·

Specialist Programme in Python & Machine Learning

Deusto Formación

Jun 2025 - Feb 2026 · 4.0 CGPA

Data Science & Machine Learning ·

Data Science and Machine Learning: Making Data-Driven Decisions

Great Learning — with IDSS, MIT

Jan 2023 - May 2023 · 3.9 CGPA

Python · Python — Basic, Intermediate & Advanced

Stackskills

May 2020 - Jan 2022

Natural Sciences · Bachillerato

Centro Grial

Sep 2006 - Jun 2010 · Unfinished

General Knowledge · Educación Secundaria Obligatoria (ESO)

IES Las Salinas

Sep 2001 - Jun 2006 · 3.5 CGPA
